

# **BHARTIYA INSTITUTE OF ENGINEERING & TECHNOLOGY, SIKAR**

## **A Brief Report on**

### **National Conference on Recent Technologies in Science and Engineering 2018**

On March 26 & 27, 2018, Bhartiya Institute of Engineering & Technology organized two daylong National Conference on “Recent Technologies in Science and Engineering (NCRTSE 2018)” at BIET Campus Sikar.

Reason of choosing this topic for conference is that today our Human Culture and Society is Influenced by Engineering, Science and Technology. Our human values, needs and problems are often determined what questions scientists investigate and what problems engineers tackle.

Conference convener was Mr Amit Kumar Saraf (HOD of Mechanical Engineering Department) and co convener was Mr Nitesh Kumar Dixit (HOD of Electrical Department).

The conference was inaugurated by the Dr. Mithilesh Kumar Principal, Government Engineering College, Jhalawar, Dr. Madhur Deo Upadhayay (SNU, UP) and Dr. Lovkesh, Punjabi University Punjab.

Dr. Mithilesh Kumar delivered the keynote address of the conference during the first session and tells the audience about latest trend in microwave components. Dr Lovkesh delivered the keynote on the photonic computing elements and Dr Madhur Deo Upadhayay address the conference with prediction of cloud computing after 5 years.

Invited Speakers Dr. Rakesh Kumar Ruhilla discussed on use of engineering in medical science. Prof. Surinder Singh (SLIT, Longowal, Punjab) delivered a talk on 5G network. Professor, Dr. Jaiprakash Bhamu delivered his talk via Skype; P.K. Gangopadhyay (Rtd. Manager, BEL Delhi) delivered talk on Latest trend in Industries and address students about gap between industries and academics.

Invited talks were followed by parallel paper reading sessions and around 30 papers were present on the first day. Second day of the conference was followed with paper

reading sessions, in which around 40 papers were presented in various disciplines of engineering and sciences.

The conference closed with the valedictory function. Valedictory function was précised by Shri Jatashankar Punia, Vice Chairman BIET Sikar.

All Department of BIET extended their heartfelt gratitude to all the resource persons, participating researchers, students, and organizers for making their attempt of holding first National Conference on Recent Technologies in Science and Engineering 2018.
